

RELIANCE

10L Cube With Tent Fold – Pop-out Neck

064 series

Mold Number(s): 625

A 10L collapsible container made of natural Low Density Polyethylene. This container is highly resistant to environmental stress cracking and damage due to repeated flexing and impact. Shipped to you in a highly compact format, this package saves shipping costs and reduces the amount of storage and warehouse space required. When used in conjunction with an exterior carton, this package makes an ideal shipping container for a variety of products.

PERFORMANCE SPECIFICATIONS

- No objection status for food contact applications from the Health Protection Branch in Canada and compliance for use in food contact applications by the Food and Drug Administration in the United States.
- *UN Classification for transportation of Group II or Group III liquid fill dangerous goods when used in conjunction with the specified carton and cap. Classification is good for land and sea transport. Compatibility of fill product with container is the responsibility of the filler. See sales specification SS-UN-014 for more information.*

DIMENSIONS

Capacity	Rated	10.0L	Overflow (to top of neck)	10.8L minimum
Weight	Container Only	130.0g ± 10.0g		
Dimensions of Cube	Length x Width x Height	9" x 9" x 9.1"	Minimum Wall Thickness	0.010"

Approved By Leah Friesen

SPECIAL FEATURES

- Neck Finishes 38mm neck designed for SP 430 cap. There is an undercut to the neck finish to aid in the filling operation.
- Pop-out Feature The pop-out neck offers protection for the neck and cap while in the recessed position and offers ease directional pouring with minimal glugging while in the extended position. The container conveniently collapses as it empties.

FILLING AND STACKING RECOMMENDATIONS

- Compatibility of the container with the fill product is the responsibility of the filler.
- Fill with container in carton.
- Contents should not exceed 70°C (158°F) at time of fill.
- Filled containers should not be stacked and stored above 50°C (122°F).
- Filled containers, in double wall cartons, may be stacked 5 high for most commodities.
